Sir,

Sub: Electricity - Supply of power to Durgah at Sivasamudram.

Ref: Government Memorandum No.25153-E/52-3 dated 19th May 1952.

Permission to the Government of Mysore for supplying various places on Sivasamudram Island was accorded in G.Os.No.1686, dated 6-8-1938 and No.4304, dated 22-11-1950 and one of the conditions for such supply was that the Government of Madras reserves the right to effect the supply after 10 years subject to one years' notice.

2. As the different supplies at the place will be on different dates I consider it desirable to alter this condition for all future supplies at the place to provide that the Government of Madras reserves the right to take over the supply on one years' notice so that all the loads can be taken over by the Department if and when it can supply such loads.

Sir,

Subject:- Supply of electricity to Durgah at Sivasamudram.

**

I am directed to invite your kind reference to the correspondence ending with your letter No.25153-E/52-5 dated the 23rd July 1952 on the above subject, and to state that this Government feel that, in order that the Electrical Department of this Government realises adequate revenue on its investment towards the supply of power to Durgah at Sivasamudram, it is necessary that the Government of Madras agree to this Government supplying power to Durgah for a period of atleast 10 years, as they have agreed in the case of power supply to certain temples, quarters etc., on Sivasamudram island, as otherwise, the capital invested may not fetch the prescribed return. I am therefore to request you kindly to intimate whether the Government of Madras are agreeable to this Government supplying power to the Durgah for a period of atleast 10 years and to modify the conditions imposed in your letter of 16th June 1952 accordingly.

As already pointed out in para 2 of my letter No.621-E/52-2 dated 2-6-52 as the different supplies at the place will be on different dates it was considered desirable to alter condition (1) in G.O.No.4304 dated 22-11-50 viz. that the Government of Madras reserves the right to supply power etc.... after 10 years subject to one year's notice, for all future supplies to the place to provide that the Government of Madras reserves the right to take over the supply on one year's notice so that all the loads can be taken over by the Department if and when it can supply such loads.

2. In view of the Mysore Government's letter communicated in Government Endorsement cited, I have to state that supply to the Durgah by Mysore may be permitted subject to the condition that the agreement is terminable after 22-11-1960 (i.e. the date of expiry of the sanction accorded in G.O. 4304 dated 22-11-1950) by giving one year's notice so that all the loads in the area can be changed over to Departmental supply, if possible.
